Contact Manager Sprint 1

Problem Statement

Contact Manager is an application which helps us to manage our contacts in a more efficient way.

User Stories

1. As a user I should be able to see the welcome page of the contact manager .
2. As a user I should be able to see the add contact button on the document.
3. As a user I should be able to see the add contact form after clicking the add contact button.
4. As a user I should be able to enter the contact information in the form.
5. As a user I should be able to see all my added contacts

Instructions:-

1. Please make the application responsive.
2. Please use servlets to manage the contact information.
3. Please use proper collection to store the contact information.
4. Estimated completion time of the challenge will be 2hr.
